

HEALTH AND SAFETY PREPAREDNESS

GUIDANCE FOR STAYING SAFE DURING YOUR VISIT

PERSONAL GUIDANCE

- If you are visiting here on vacation, please realize, some items may not be in stock at local businesses during your stay. There are shortages just as you experience in your home town. Please plan ahead.
- Please consider wearing masks to decrease the chance of transmission. Most businesses on the island will require them for entry.
- Please maintain frequent hand-washing, especially before eating or after being in public spaces, and refrain from touching your face.
- Please limit interaction with anyone outside of your household. Please avoid gatherings of more than 10 people and maintain a distance of at least six feet.
- For high risk populations (aged 65+, immune condition or chronic illness), stay home as much as possible.
- If you begin to feel sick, even with mild cold symptoms, please stay home.

TOWN INFORMATION

- Town closures
 - Town Hall is to closed to the public. However, town staff is available to answer your questions through phone or email Monday through Friday from 8 a.m. to 5 p.m.
 - The NTB Town Park is currently closed for repairs.
- Town information
 - To stay up-to-date on town rules and restrictions during the pandemic, please subscribe to the town's Sunshine List at ntbnc.org/news to receive announcements through email.
 - You can also follow our Facebook page at fb.com/ntbnc.
 - Register for the Town's emergency notification system, Code Red, to receive timely notifications by phone, text, and e-mail.

 **CodeRED**

Go to the town website at ntbnc.org or download the CodeRed app to register.
